RECEIVED

RE: Section 106 Consultation, Draft Environmental Impact Statement for the proposed AREVA Enrichment Services LLC Eagle Rock Enrichment Facility in Bonneville County, Idaho

Dear Ms. Bladey:

Thank you for sending the draft EIS for AREVA's Eagle Rock Enrichment Facility in Bonneville County, Idaho. After reviewing the document, we find the Historic and Cultural Properties sections (section 3.3 and 4.22) accurately reflect the identification efforts conducted to date under Section 106 of the National Historic Preservation Act.

Our only recommendation is to add a statement saying that effects on site MW004 will be resolved through a Memorandum of Agreement (MOA) between the NRC and the Idaho SHPO (assuming that the Advisory Council on Historic Preservation does not want to be a signatory). This statement should be added somewhere in Section 4.2.2, perhaps in the paragraphs bounded by lines 13-24.

Also, please be aware that the MOA needs to be signed *before* the ROD is issued to ensure compliance with Section 106. This has been a problem in the past with other Federal projects, and the Advisory Council has made it very clear that the MOA needs to be finalized before issuance of the ROD.

We appreciate your cooperation. If you have any questions, please feel free to contact me at 208-334-3847, ext. 107.

Sincerely,

Susan Pengilly
Deputy SHPO
